

Installation Instruction

Install Pack Includes

Expansion Bolts & Accessories

INSTALLATION

Package Includes:

- A Body
- B Top Cover

Ensure the bracket is fixed securely to SOLID BASE of the wall to hold the load.

STEP 1: Unfold the main body of the cover.

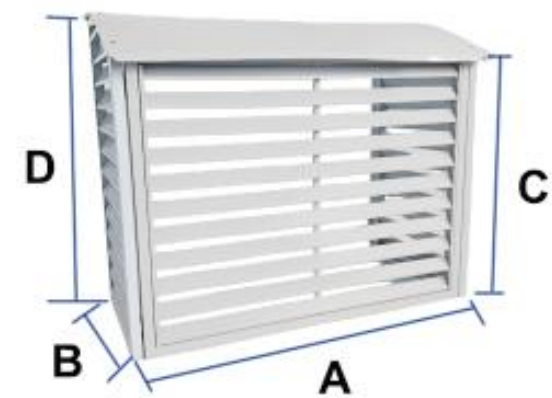

STEP 2: Install the top cover. Placing top cover, rubber washer, metal washer, then tighten the screw – repeat six times.

STEP 3: Use expansion bolts to fix the cover to the wall as needed.
